## **THE WATERDALE GROUP CELEBRATES GROWTH WITH A MOVE INTO BIRMINGHAM'S FORT DUNLOP**

*The ERP specialist marks the occasion in the presence of the Lord Mayor*

Business Management Solutions specialist, The Waterdale Group, has relocated into plush new offices in Birmingham's refurbished Fort Dunlop building, in a move that marks the continued growth and success of the company. Opened by the Lord Mayor of Birmingham, Councillor Chauhdry Rashid, the relocation to Fort Dunlop is a result of the company's ongoing success over the past few years.

The Waterdale Group focuses on providing IT solutions to the manufacturing, automotive, engineering and general business sectors. Its expertise ranges from delivering powerful end-to-end Enterprise Resource Planning and Customer Relationship Management solutions to innovative infrastructure redesign projects. The Group comprises CPiO Limited, Ardent Solutions Limited, eSpida Limited, Advanced Digital Technology UK Limited and Intellisell Limited.

Commenting on the occasion, Andrew Watkinson, Managing Director of The Waterdale Group explained, "Our relocation to the revamped Fort Dunlop building is a milestone in the company's history. Quite simply the growth of The Waterdale Group meant that we had outgrown the premises we had occupied for the previous 17 years. We wanted to recognise this achievement by moving the team to a great location. Having the Lord Mayor here to officially open our new offices is a testament to our staff – we're lucky to have such a hard working and dedicated team"

Waterdale Group staff, plus senior representatives from its key partners Sage UK and Microsoft attended the event to meet the Lord Mayor and enjoy a champagne reception to mark the occasion.
